At present planning to build a building of its own for the association through donations.

- 2.11. Innovative measures to ensure announcement of results before commencement of next semesters of UG and PG degree courses.**

PG and UG programs are offered under semester system for the last 10 years plus. Right now from the academic year 2010-11, the conventional existing course pattern has been changed to choice based credit system for all Post Graduate programmes.

For the completion of a PG program, one has to earn a minimum of 76 credits by successfully completing courses of 3 types, Hard core, Soft core and Open electives. Out of 76 credits, one has to secure 42 credits against 52 credits from hard core papers, 16 credits from soft core subjects and at least 8 credits from open electives. Besides, the candidates can earn up to 96 credits (inclusive of 76 credits), an extra 20 credits over and above the minimum of 76 credits – which was not possible under the earlier system, which will cater to the needs of slow and fast learners.

Candidates are evaluated continuously: Continuous assessments split into 3 components such as C₁, C₂ as continuous assessment for 30% and C₃ which is final examination carrying 70% of the total marks of 100.

Flexibility in the System: In case a candidate secures less than 30% in C₁ and C₂ put together, the candidate is said to have dropped the course, and such candidate is not allowed to appear for C₃. In case a candidate secures less than 50% in C₃, or secures more than 30% in C₃ but less than 50% in C₁, C₂ and C₃ put together, the candidate is said to have not completed the course and he/she may either opt to drop the course or to utilize pending option. The candidate with pending option shall complete C₃ component before the end of double the duration by reappearing only for C₃ component of that course and he/she carries the same marks awarded in C₁ and C₂ upon successful completion of a course a candidate will be given a grade on a 10 point scale. Once the candidate completes a semester he/she will be assigned with a Grade Point Average (GPA). A cumulative grade point average (CGPA) will be computed by considering all the courses of the candidate completes during Master's degree and based on CGPA, candidates' results are declared as Distinction, First Class and Second class.
