DEPARTMENT OF STUDIES IN SOCIAL WORK

Department of Studies in Social Work

Genesis:

A two-year Social Work course leading to Master's Degree, affiliated to the University of Mysore, was started in 1967 at Roshini Nilaya, Mangalore.

Later, an independent Department of Studies in Social Work was established in January, 1990.

Thus the Social Work Programme was bifurcated from the PG Department of Sociology.

The Department has adopted the CBCS pattern of curriculum from the academic year 2010-11 onwards.

Objectives of the MSW Programme:

1. To provide quality education and training in Social Work to those desirous of making a career in social work practice
2. To create opportunities for learning through intensive field practicum
3. To develop requisite knowledge, skills and values in working with people
4. To promote a sense of responsibility and commitment among learners; to work with different sections of people, especially the vulnerable sections of society
5. To acquire knowledge and skills in undertaking practice-based research and administer the same at human service organizations.

Departmental Research activities

The faculty members are actively involved in guiding students and leading them towards the degree of the Doctor of Philosophy in Social Work. The Department undertakes research projects sponsored by the UNICEF, UGC, Central Government, State Government, industries, NGOs, etc.

Best Practices:

- ▶ Campus interviews are organized for students, and placement facilitated in association with the Alumni Association.
- ▶ The Department frequently organizes training/orientation programmes for the government officers and functionaries of NGOs (sponsored by the State and Central Governments).
- ▶ Regular faculty-student interaction takes place in the form of individual conferences and group conferences. The expert faculty supervise students in field work and mentor them in both personal and professional growth.
