

MATRICS

MATHEMATICAL RESEARCH IMPACT-CENTRIC SUPPORT SCHEME

Fixed Grant Scheme for Mathematicians

Call for Proposals
(1 June 2017 – 31 July 2017)

- MATRICS Scheme is aimed to provide fixed grant support to active researchers with good credentials in Mathematical Sciences
- The main attribute of this scheme would be the submission of a simple 1 - 2 page(s) mathematical proposal
- The funding provided would cater to the specific needs of Mathematical Sciences research

ELIGIBILITY

- The applicant should be an active researcher in the field of Mathematical Sciences and allied areas
- The applicant should hold a Ph.D. degree and must be working on regular basis in academic institutions/national labs or any other recognized R&D institutions
- The applicant should have at least three years of service remaining before superannuation as on the date of submission of the proposal

MODE OF APPLICATION AND SELECTION

- The proposal should be submitted online through the website www.serbonline.in
- The selection will be based on the recommendations of PAC Mathematical Sciences and the criteria of consideration would be (1) credentials of PI (2) publications record and (3) mathematical content of the proposal

NATURE OF SUPPORT

Research grant of Rs. 2 lakh p.a. for a period of three years

Purpose for which grants can be used

- Purchase of (i) mathematics text books and monographs (ii) minor equipment such as workstation, laptop, etc. (iii) mathematical software
- Travel support and payment of registration fee for invited talks or presenting a paper in national and international conferences
- Travel support for collaborative visits in India and abroad
- Travel support and other logistics for inviting students and young researchers for research activities
