## **17. Future Plans.**

The department is research oriented for this purpose seminars are essential to improve the personality of the students and research scholars. It is necessary to make progress on historical studies and research. Therefore it is necessary to have a big seminar hall with LCD facilities, Seminar Hall which accommodates 250 students, faculty members and research scholars.

A modern study requires the application of computers and internet. To provide these facilities, a computer lab with a minimum of 15 computers along with accessories, a computer lab will be established for the students, research scholars and faculty.

There are more than 90 research scholars which includes UGC, ICHR, RGNG, FIP, SC/ST cell and foreign research scholars, it is necessary to provide them with cubical facilities. So we intend to give them this facility.

The existing number of students 150+90 research scholars plus 34 M. Phil students, so it is necessary to have classrooms and staff rooms. Department of History came into existence in the year 1894, by 2014 History department is completing 125 years. Department has to celebrate for the whole year of 2014, by conducting Seminars/Conferences/workshops/symposium and exhibition.

We are planning to conduct thematical Seminars twice a year in the department and also to publish the research papers presented in the seminars. We are planning to build Art Museum and establish centre for collecting and preserving Archival Materials.

For the coming years we want to organize National and International Conference in the department. Seminars on Socio-Economic History of India, Urbanization of South India, State and Society in Medieval South India, Karnataka History Congress Annual Session, South Indian History Congress, Annual session and seminars on Indo-West Asian Relation. Looking forward to attend State, National, International Conference/Seminars by our faculty members and educational tours to foreign countries.

The Department aims to future improve and strengthen the academic Standards by taking necessary measures in research i.e. UGC/ICHR/Major research project and developmental activities from time to time.
