

## Infrastructure/Facilities available at the Department

The DoS in Social Work is well equipped with all the necessary infrastructural facilities. The Department possesses a long-stretched ramp for the easy movement of the specially abled students. There are two computer laboratories with 38 computers, which enables students to have hands on experience with the latest technologies. Every faculty of the department is provided with laptops and desk top computers. The classrooms are furnished with ICT facilities for audio-visual teaching and learning. The department has strong wi-fi connectivity, which provides high speed internet and makes the E-learning much easier.

## Students making use of the Computers for Digital Learning
